Press Release

Trans-Trade strengthens national presence with acquisition of FreightCo Logistics

DFW Airport, TX, December 29, 2010: Trans-Trade, a leading Dallas/Fort Worth-headquartered logistics organization, announced today that it has expanded its US presence and global logistics network with the completion of its acquisition of FreightCo Logistics.

The FreightCo acquisition provides Trans-Trade with new offices in Miami, Jacksonville, and Cape Canaveral, FL; Charlotte, NC; Los Angeles, CA; Louisville, KY; Seattle, WA; and Washington DC. Overall, Trans-Trade now has 14 offices across 8 states plus Mexico City.

Jack Finholm, EVP/Partner of Trans-Trade, Inc. stated: "FreightCo brings a strong bicoastal presence to our organization. They have built a very strong company with excellent personnel, services and technology that will complement Trans-Trade's business and services. We are delighted to add them to our team!"

"We are very excited to become a part of Trans-Trade," states Jesper Dahl, President of FreightCo Logistics. "Our strengths in marine and European logistics are a perfect fit with Trans-Trade's existing offerings. We also bring a substantial service portfolio that includes cruise logistics, hospitality industry support and trade show expertise. Together we believe our company will be the leader in the mid-market logistics business. We share similar philosophies on service offerings and a rock-solid commitment to superior customer service."

"Our continuing goal is to build a world-class logistics organization that provides global reach and local touch for its clients in the USA and abroad," says Brad Skinner, CEO of Trans-Trade. "FreightCo is an important component of our future success because they have established a strong record of technical and service innovation that will enhance our core offerings. As always, our overarching goal is to provide our clients with extraordinary customer service that gives them a competitive business advantage."

For Release 12 PM CST, December 29, 2010

Trans-Trade's growing network of offices shares a robust technology infrastructure – the Trans-Trade Global Operating System (TT-GOS) – that provides fully integrated transaction processing, shipment tracking and financial control. Customers can access their shipment and warehouse data on-line, real-time for optimal management and visibility. TT-GOS will be implemented in all the new Trans-Trade offices.

Trans-Trade, Incorporated is a full-service supplier of transportation and logistics services for clients in the United States and worldwide. Founded in 1984, Trans-Trade has grown to become a leader in innovative end-to-end supply chain solutions that provide a clear competitive advantage.
