

# Trans-Trade Domestic Services

## MAKING THE ENTIRE UNITED STATES INTO YOUR HOMETOWN MARKET

Trans-Trade has the experience and national network to provide a full range of domestic transportation services and solutions. Whether you require air, truck or rail transportation support—or all three—Trans-Trade can move your cargo dependably and economically throughout the US and North America. All our solutions are comprised of professionals, processes and technologies that are fully controlled by Trans-Trade—so they can be configured rapidly and completely to meet your specific needs. The Trans-Trade Global Operating System (TT-GÖS) provides end-to-end process management and visibility for all elements of your logistics solution.

### ◆ **Transportation Services**

#### ● **Air Transportation Services**

- **Multi-line/Full-Service**— We have facilities onsite at DFW Airport and adjacent to Alliance Airport as well as representation at every commercial airport in North America. We also have strong relationships with virtually every major airline. Our full range of airfreight services includes next-flight-out, overnight, 2nd day and 3-5 day service as well as complete ground-based support services such as expedited transportation to/from airports and origins/destinations.

#### ● **Truck Transportation Services**

- **In-house Truck Brokerage** — Since we are a non-asset-based transportation provider, we can offer extremely competitive rates and services through our in-house truck brokerage team. Supercharge your ground transportation with competitive rates and unprecedented service for your FTL and LTL transportation needs.
- **Specialized Carriage**— Trans-Trade offers refrigerated, flatbed, and over-size/weight services to meet virtually any trucking challenge.

#### ● **Rail/Intermodal Transportation Services**

- **Standalone and Intermodal** — Utilization of rail transportation or intermodal services can save time and cost for long-distance cargo routing. Trans-Trade can create direct-to-, and direct-from-distribution center solutions to/from anywhere in North America.

## ◆ Special Projects

We excel in situations where exceptions are the rule and unique, out-of-the-box thinking is required to meet special challenges. Trans-Trade's special projects team has an impressive record of success across a wide variety of projects. The following list is just a sampler. We **can** meet **your** special project requirements!

- **Museum Exhibits**
- **Trade Show and Corporate Meeting Support**
- **Time-Dated Printed Material Release Projects**
- **Military Ordnance Relocation**
- **Energy Exploration Support**
- **Direct-to-Store Distribution**
- **Inside Delivery and Packaging Removal Services**
- **Point-of-Sale (POS) Display Delivery and Set-up Services**
